GRASER Beers

Kräusen Festbier Alk./Vol 5,5%

0,3 L 3,40 €

0,5 L 4,30 €

During fermentation, young beer develops small foam bubbles known as "Kräusen". Adding some of this young beer to a matured beer is called "krausening".

For our Graser Kräusen Festbier, young Franconian Pils adds freshness and fruity hop notes to the full flavour of matured Felsenkeller beer.

Helles Lager

Alk./Vol 4,9%

0,3 L 3,40 €

0,5 L 4,30 €

We use Bohemian aroma hops and soft brewing water for our Helles lager. This creates a particularly smooth and full-bodied beer with a pleasant bitterness and an almost creamy carbonation.

Franconian Pils

Alk./Vol 5,1%

0,3 L 3,40 €

0,5 L 4,30 €

A beer considered the original ancestor of Pilsner styles. The hops for this spicy pale beer are lightly roasted before brewing, resulting in a pronounced bitterness and subtle roasted aromas.

Felsenkeller Beer

Alk./Vol 5,2%

0,3 L 3,40 €

0,5 L 4,30 €

This beer matures without artificial cooling in our historic rock cellars. The steady aging process gives it a smoother, rounder, and malt-forward flavor.

Brown Beer (Braunbier) Alk./Vol 5,6%

0,3 L 3,40 €

0,5 L 4,30 €

A special mashing method from old Bamberg brewers gives this beer its distinctive character. The mash rests for an extended time, allowing more compounds to be extracted and creating rich, spicy flavors.
